Reminder that final asphalt paving operations will be occurring tomorrow Monday 11/8 starting at 6:30AM and anticipated completion around 6:00PM. Delays are expected, especially during the school rush hours in the morning and afternoon. Please plan to use alternate routes if at all possible.

- Side street access along the east side of Main St will be limited. At least 1 side street will remain open at all times, but which one is open will change throughout the day.
- Both sides of River Street/CTH F will be CLOSED when paving the intersection. Hwy 23 traffic will be flagged to one lane through the intersection and across the bridge until the asphalt is cool enough to be driven on.
